

*The protection and enhancement of
land, water and biodiversity in the
Corangamite region*

The Corangamite Catchment Management Authority

invites you to a

Bugs and Beetles Collection Day

Dr. Paul Horne and Jessica Page from IPM Technologies Pty Ltd are developing an integrated pest management field guide for the Victorian Volcanic Plains bioregion. We invite you to help us find the invertebrates that will be included in the field guide.

*Join us for a morning to collect and identify invertebrates within grasslands and grassy woodlands.
This is a free event and children are most welcome attend.*

WHEN: 9:30am - 1:30pm Thursday 19 October
(morning tea and lunch provided, please specify any dietary requirements)

WHERE: 'Shelburn', 146 Meredith-Shelford Rd, Shelford

RSVP: To Jess Lill by Tuesday 10 October on 0477 719 149
or jess.lill@ccma.vic.gov.au

Please note this event may be cancelled if unsuitable weather is forecasted.

*This project is supported by the Corangamite CMA through funding from
the Australian Government's National Landcare Programme*
